

To Our Friends and Neighbors,

At South Shore Health Foundation, keeping our community safe is our top priority. We are closely monitoring COVID-19 developments and the guidelines for gatherings. **At this time, the Walk for Hospice is still scheduled for Saturday, May 30, at Weymouth High School.**

As this situation evolves, we will continue to put your health and well-being first. We are looking into potential alternatives if needed, and we will communicate changes as they arise.

We truly appreciate your support of Hospice of the South Shore and the Walk for Hospice. If you have any questions or concerns, please contact me at (781) 624-8142 or afloro@southshorehealth.org.

Sincerely,

Angela Floro
Director, Special Events & Annual Giving
